

### **Matching Gifts: Doubles Your Donation Impact**

The Newfield Matching Gifts Program presents a way for employees to make a positive difference in their community.

Not to be confused with the Foundation, the Matching Gifts program matches personal donations from individuals from \$25 up to \$1,000 to non-profit organizations such as medical organizations, schools and community services. The program has matched more than \$340,000 since 2001. In 2008, it reached an all-time high of more than \$65,000 in funds matched.

A company goal is to increase employee participation this year. As of 2009, the Gulf Coast region leads in the program, with more than \$10,000 matched by the company.

Applications are available year round and are open to current employees (after one year for new hires), retirees and Directors. For more information and the application for matching donations please visit the Matching Gifts Program page on the Intranet (<http://www.inewfld.com/Home/default.asp?content=MGP>) or contact Dolores Vasquez at ext. 6032.
